Itinerary 10 Nights Darwin to Darwin

**DAY 1: DARWIN**
Embark Coral Adventurer in Darwin for an 8:00am departure.

**DAY 2: SAUMLAKI / SANGLIAT DOL**
This afternoon we embark on our first expedition to the small village of Sangliat Dol. This is a remarkable place, with ancient megalithic sites. The long flight of stairs leads up from the beach to reach the ceremonial area were the giant ancient stone boat remains. A ritual ceremony begins our visit, followed by cultural events including traditional dances, demonstrations of local handicrafts and traditional ways of cooking.

**DAY 3: AT SEA**
Spend a day aboard Coral Adventurer as we steam towards West Papua. If time permits, enjoy a snorkel stop at the Aru Islands. This was a stop for Tasman and all early explorers.

**DAY 4 & 5: AGATS/ LORENTZ NATIONAL PARK**
Be welcomed by an armada of war-canoes, rowed powerfully by Asmat warriors in traditional costume. We are accompanied by the Asmat tribe’s warrior war-canoes to Syuru village where we are greeted by a performance by the Asmat women. After the ceremony we are invited into the “Men’s House” to experience wonderful items of traditional wooden arts and sculpture, which are offered for sale. Experience the stunning surrounds of the Lorentz National Park.

**DAY 6 & 7: TRITON BAY**
Mushroom-shaped eroded limestone formations rise from the emerald water, covered with lush pandanus and betel palm vegetation, and a profusion of wild orchids. This still relatively unknown destination is full of beautiful corals, massive schools of fish and migrating whale sharks, where you are certain to enjoy a very private, privileged experience in one of the most remote and beautiful parts of the Coral Triangle.

**DAY 8: FAKFAK**
Explore the charming villages of Arguni, Andamata, and Kokas, and journey to see ancient rock art.

**DAY 9: KEI ISLAND**
Experience the stunning, white sandy beaches of Kei. We are again enthralled by cultural performances and demonstrations.

**DAY 10: AT SEA**

**DAY 11: DARWIN**
Arrive back in Darwin for disembarkation at 10:30am.
