AUSTRALIA'S PIONEERING CRUISE LINE

Exploring THE ISLANDS OF THE EAST INDIES

Join us as we embark on a series of expedition voyages through the East Indies. Explore small islands including Alor in Lesser Sundas and Buton in Sulawesi. Stir your senses as we delve into the rich history, ancient cultures and unique wildlife of the East Indies.

Gain appreciation from traditional seaside lifestyles and visit Lamalera village, one of the last subsistence whaling communities in the world. At the coastal town of Ende, travel to the multicoloured Kelimutu crater lakes. Encounter endemic wildlife including the famed orangutan sanctuary in Borneo and swim with countless harmless golden jellyfish at Togeana. Be spoilt for choice to explore pristine marine environments with Bunaken and Lembeh offering some of the most vibrant dive and snorkel opportunities in the world.

With an expert team and warm Australian hospitality, there is no better bay to experience these remote places than by small ship.

ITINERARY: 14 NIGHTS > DARWIN TO MAKASSAR

DEPART DARWIN

Board *Coral Geographer* at 8:30am for a 10:30am departure. In the evening, meet your fellow explorers and crew for the Captain's Welcome Drinks.

This is an indicative itinerary covering remote areas. Your Expedition Team will make changes to the daily schedule as necessary to maximise guest experience.

AT SEA

Enjoy a peaceful day at sea as we make our way towards Tablolong Bay, where our first adventure of this journey awaits. Partake in onboard activities including workshops and lectures from our special guests and Expedition Team.

TABLOLONG BAY, KUPANG

Listen to the bright, harp like sounds produced by the traditional Sasando instrument with a beachside performance. Later, there is an opportunity to swim or snorkel.

ALOR ISLAND

Small, rugged Alor Island is home to around 140,000 people speaking 50 different languages. Visit the open-air Kadelang Market, the Museum of 1000 Moko and a traditional village, where you will be warmly welcomed. Witness the ceremonial Lego Lego dance in which ladies dressed in handwoven textiles and bronze bangles form a tightly-knit circle and dance rhythmically to gongs and Moko drums.

LAMALERA VILLAGE

Lamalera is one of the last traditional whaling villages, where an ancient hunting tradition continues to provide for the subsistence lifestyle of this rarely-visited village. The villagers will welcome you and share their way of life, which follows ancient beliefs and uses traditional tools and methods. Observe hunting and Ikat weaving demonstrations, with opportunities to purchase the exquisite hand-woven cloth directly from the weavers.

KELIMUTU CRATER LAKES

From the coastal town of Ende, travel a beautiful road up to Kelimutu. On the way, stop at an orphanage, where you will meet the nuns and orphans and share refreshments. Arrive at the spectacular tricoloured Crater Lakes, where we may throw stones into the lakes for good luck. Later, enjoy lunch at Kelimutu Eco Lodge accompanied by the traditional music of Flores.

PADAR ISLAND

An early morning energetic climb to the peak of Padar Island offers a chance to stretch your legs and be rewarded with a mesmerizing panoramic view over the island's rugged peaks, beaches and vast blue sea. Alternatively, explore the island up close by Xplorer cruise.

KOMODO ISLAND & PINK BEACH

Take an early morning walk with local rangers to spot the Komodo Dragon and visit a local village. You will learn of the legends of the Komodo Dragons and why villagers treat them with kindness. Later, enjoy a stroll along the dusky pink sands of Pink Beach and swim or snorkel in the clear water.

TAKABONARATE MARINE PARK

Be welcomed at Tinabo Island with a dance performance before a guided tour through the village. Enjoy music and craft demonstrations and insights into the local cottage industries of coconut oil, fishing nets and boat building. At Tinabo Besar, visitors are encouraged to help with conservation programs of tree planting or coral transplanting under the guidance of National Park staff, before snorkelling in the pristine waters.

SOGORI

The small island of Sogori is home to the Bajau and Bugis people. The surrounding white sandy beaches as well as several shipwrecks make it appealing for beach walking, swimming, snorkelling or scuba diving.

TORAJALAND

An overland journey takes us into the highlands of Sulawesi to the remarkable Tana Toraja, where you will witness stunning limestone mountains and the ancient culture and traditions of the Torajan people. Visit the Tongkonan houses at Marante, the stone graves with Tau-tau effigies at Lemo and the hanging burial sites of Bori Parinding. See the Torajan market and explore Kete Kesu, a 400-year-old village high in the mountains. Stay overnight and enjoy local music and dancing.

TANA BERU

Traditionally, wooden Phinisi ships have been crafted by the Bugis boat-builders on the beach at Tana Beru since the 14th century. The ancient technique, which uses no nails, has been handed down through generations. Hear the seafaring tales of the boat builders and climb into a Phinisi ship to admire its size and the craftsmanship of the boat-builders.

ARRIVE MAKASSAR

Arrive in Makassar at 7:00am. Farewell your Master, crew and fellow guests with disembarkation at 8:30am. An optional charter flight to Darwin is available.

CHRIS COOK > GUEST LECTURER

Chris has been working as a Naturalist, Marine Biologist and Wildlife Photographer for 15 years, joining expeditions as a Guest Lecturer for 5 years. Throughout his adventures, he has circumnavigated Australia and New Zealand several times and ventured to places including Easter Island, Borneo and Raja Ampat. Chris is passionate about connecting people to the natural world and will share stories and images throughout the voyage.

SULAWESI CIRCLE

MAKASSAR TO MAKASSAR | 20 NIGHTS | 3 APRIL 2024

Expedition Highlights

- > Begin and conclude your journey in historic Makassar, once the centre of the Dutch Indies head quarters
- > Meet the beachside boatbuilders of Tana Beru and admire the skillful construction of Phinisi ships
- > With some luck, enjoy the opportunity to swim with gentle and majestic whale sharks at Gorontalo
- > Cruise up river to inland Samarinda and participate in the traditional dance of the Dayak Kenyah tribe in Pampang
- > On the island of Borneo, encounter endangered orangutans and sun bears in natural conservation sanctuaries
- > Discover the extraordinary underwater worlds of renowned diving locations in Bunaken, Wakatobi, Lembeh and Banggai
- > Visit the stilt villages of the Bajau tribe who live off the sea and learn of their unique traditional lifestyle
- > Swim with thousands of harmless golden jellyfish at remote Togeau

ITINERARY: 20 NIGHTS > MAKASSAR TO MAKASSAR

DEPART MAKASSAR

From your optional charter flight from Darwin, board *Coral Geographer* at Makassar Port at 5:00pm where there is time to settle into your cabin before our 6:00pm departure. In the evening, meet your crew and fellow guests at the Captain's Welcome Drinks.

This is an indicative itinerary covering remote areas. Your Expedition Team will make changes to the daily schedule as necessary to maximise guest experience.

BALABALAGAN ISLANDS

We arrive at the tranquil Balabalagan Islands and enjoy a leisurely day of swimming, snorkelling, diving and relaxation on the palm fringed sands of this picturesque destination.

BALIKPAPAN

Journey to the Samboja Lestari Rainforest and the Sun Bear sanctuary to encounter the endangered species. The Borneo Orangutan Survival Foundation rehabilitates orangutans before releasing them into the wilds of the surrounding rainforest. We will visit the conservation centre to see these iconic primates.

SAMARINDA & PAMPANG

Explore Samarinda with a visit to the Grand Mosque and stroll through the Cita Miaga street market. From Samarinda we will make our way to Pampang to be welcomed by the traditional dance of the Dayak Kenyah tribe and visit the ancestral Lamin Longhouses. Enjoy a guided walk to gain a deeper understanding of the life and history of the Dayak people.

TOLI TOLI

Explore famed Toli Toli, known as the 'city of cloves'. Ride through the fisherman's village in becaks to the Rumah Adat to enjoy the Maragai and Mamanuk Tau Panau dances. A walk through the village passes the tombs of Toli Toli kings and the historic mosque.

SARONDE ISLANDS

In true expedition style, we will let the winds and the tides guide us to explore the picturesque island chain of the Saronde region with options for snorkelling and beachside adventures.

BUNAKEN

Bunaken Marine Park is world renowned for its incredible diversity of marine life and is a must-see underwater destination for snorkellers and divers. The remarkable water clarity and precipitous walls of coral create an otherworldly diving or snorkelling experience.

LEMBEH

Lembah Strait is another spectacular underwater world, where you may spend a whole day exploring in search of the fascinating marine life that dwell in this marine sanctuary. There is also an opportunity to visit Kangkoko National Park for a forest walk to spot endemic wildlife.

GORONTALO

At the remote city of Gorontalo, enjoy local cultural performances and a guided forest walk, before spending the afternoon swimming and kayaking in the sheltered waters of the harbour. If nature permits, there may be an opportunity to swim with the gentle whale sharks.

TOGEAN

Arrive at the beautiful Togeian Islands, home to the Bajau people who live in stilt houses built above the turquoise sea. The welcoming tribe will share their unique lifestyle with us. Swim or kayak in the pristine waters and swim with thousands of tiny harmless Amaranth jellyfish in Mariona Lake - an unforgettable and ethereal encounter.

BANGGAI ISLAND

The famous and endangered Banggai cardinalfish is a striking species not much bigger than a matchbox and recognisable by its vertical black stripes. They are endemic to the Banggai Archipelago and we hope to spot these elegant fish while snorkelling and diving around the islands.

LABENGI ISLAND

Often compared to Raja Ampat for its geographical similarities, Labengki Island is surrounded by picturesque islets, covered in forest and colourful orchids. White-sand beaches shaded by palm trees are our base to enjoy water activities such as snorkelling over giant clams, kayaking around the lagoon and visiting the local village.

WAKATOBİ NATIONAL PARK

In the heart of the coral triangle, Wakatobi is part of the World Network of Biosphere Reserves with extraordinary numbers of coral species, fish, whales, dolphin and turtle populations and some of the largest reef systems in the East Indies. Enjoy water activities and a cultural visit to Liya Village.

BAU BAU, BUTON

Be welcomed to the historical centre of the Buton Kingdom by a traditional dance performance, before being whisked away in local petepete transport to tour the island. Visit a traditional market, a fisherman's village, the Buton Fortress, Kraton (palace) and Wolio Cultural Centre.

TANA BERU

Traditionally, wooden Phinisi ships have been crafted by the Bugis boat-builders on the beach at Tana Beru since the 14th century. The ancient technique, which uses no nails, has been handed down through generations. Hear the seafaring tales of the boat builders and climb into a Phinisi ship to admire its size and the craftsmanship of the boat-builders.

ARRIVE MAKASSAR

Coral Geographer arrives in Makassar at 7:00am. Farewell your Master, crew and fellow explorers with disembarkation at 8:00am. An optional charter flight to Darwin will be available.

RAJA AMPAT & SPICE ISLANDS

DARWIN & BIAK | 13 NIGHTS | 19 MARCH & 1 APRIL 2023

1

Expedition Highlights

- > Indulge with three days in spectacular Raja Ampat, the famed 'Four Kings' archipelago
- > Swim in the turquoise waters of Yapap natural pool
- > Discover Wayag's 'gumdrop' islands and be rewarded by the view from Pindito Peak
- > Swim with the gentle and majestic whale sharks at Cenderawasih Bay, the world's largest fish
- > Be welcomed to Banda Neira by the exciting spectacle of the traditional Kora Kora canoes

ITINERARY: 13 NIGHTS > DARWIN TO BIAK

DAY 1: DEPART DARWIN

Arrive at Darwin Cruise Line Terminal at 7:00am for SailSAFE check-in. Board at Darwin's Fort Hill Wharf at 7:30am for 9:30am departure. Spend the afternoon becoming acquainted with all the facilities onboard as we cruise northwards towards the Spice Islands.

CROSSING THE TIMOR SEA

Spend a luxuriant sea day at leisure as we cross the Timor Sea towards Banda Neira. Join our Expedition Team in the Bridge Deck Lounge for an insightful introduction to Raja Ampat and the Spice Islands as well as safety procedures and protocols while visiting Indonesia. After dinner, a movie or documentary will be featured.

BANDA NEIRA - SPICE ISLANDS

On our approach to Banda Neira, witness the outline of Gunung Api volcano with its thin plume of smoke often rising from the summit. Admire the photo-worthy spectacle of Moluccan paddlers propelling kora kora canoes with their elaborately carved figureheads.

Snorkel and dive over the nearby lava flow reef system or explore ashore and enjoy local tea and snacks on the waterfront.

Explore Fort Belgica, built by the first Governor-General of the Dutch East Indies (now Indonesia) in 1611. The pentagonal shaped fort is extremely well preserved and provides an interesting insight into Dutch colonisation.

BANDA NEIRA - SPICE ISLANDS

This morning, choose to explore the streets of Banda Neira on a guided tour, spotting colourful local houses and meeting friendly children before visiting a local nutmeg plantation to gain a fascinating insight into the spice that started it all. Alternatively, snorkelling over the nearby lava flow system will reward with spectacular colourful coral and fish species. You may spot Dogtooth tuna, mobula rays, or some of the largest population of Napoleon Wrasse in Indonesia.

MOLANA ISLAND & SAPARUA ISLAND - SPICE ISLANDS

Molana Island is home to 85 species of trees, Pacific Monitor Lizards (*Varanus Indicus*), Moluccan Scrubfowl (*Megapodius Reinwardtii*) and Coconut Crabs. The island still contains the ruins of a hospital built by the Dutch, whose construction was interrupted by the Japanese occupation in World War II. Snorkelers can take advantage of the shallow corals and clear water with easy viewing of unique corals and plentiful fishes. Experienced divers may see an underwater cave that is connected to a well in the centre of the island.

We head east to nearby Saparua Island where we are welcomed by singing school children. We visit Fort Duurstede, a 17th century Dutch fort with a complicated backstory that spans centuries. Here men and boys give us their war dance with shields, swords, and cultural adornment.

SAWAI - SPICE ISLANDS

Sawai village, on Seram Island is one of the oldest villages in the Maluku Islands. The village is in a beautiful setting with simple homes built on stilts over the ocean. We will spend the day immersed in the crystal-clear waters and snorkelling over reefs. The island is popular for birdwatchers with 118 known species including colourful Eclectus parrots, purple-naped lory and salmon-crested cockatoo.

MISOOL & THE STONE GARDENS OF MISOOL - RAJA AMPAT

Raja Ampat means the 'Four Kings' which refers to four main islands: Waigeo, Batanta, Salawati, and Misool, in an archipelago comprising over 1,500 smaller islands.

At Misool we visit Balbulol Lagoon where there is time to swim and kayak amongst the islands in this beautiful lagoon.

We visit another similarly spectacular waterway at Yapap, considered one of the best natural pools in the world. This vast primordial pool is dotted with dramatic limestone formations which look more like chess pieces than rocks. We also visit heart-shaped Dafalen Love Lake which can be viewed from up high with a climb to the summit of nearby cliffs.

KOFIAU ISLAND - RAJA AMPAT

At Kofiau Island we are welcomed by village dancers from their traditional boats before leading us ashore at Deer Village (also known as Kampung Deer). Local guides show us through their village before we board a local longboat which takes us to another village, Kampung Awat. Here we enjoy a traditional Sasi Opening Ceremony and a barbeque on the beach. Sasi is a traditional ceremony to preserve the ecosystem and effectively limits the catch of particular marine species during a designated period. After lunch, we snorkel and swim in the ocean and pay visit to more vibrant villages.

ALJUI BAY, RAJA AMPAT

Known for an incredible diversity of tropical fish and coral species, Aljui Bay is one of the best diving and snorkelling destinations in the world. Spend the morning exploring the colourful underwater environment, searching for unusual coral formations, and spotting marine species. Over a satisfying lunch, cruise to Kawe where we celebrate crossing the equator! Go ashore to see the equator marker, and then visit an abandoned tin mining settlement. There may be a final opportunity for a refreshing dip in the warm tropical waters, before returning to your ship.

AT SEA

Leaving Raja Ampat in our wake, we enjoy a luxuriant, relaxed day at sea as we make our way towards Cenderawasih Bay on the north coast of Papua.

ROON OR AURI ISLAND

Depending on the weather and conditions, today we will enjoy either Roon Island or Auri Island.

Cenderawasih Bay (translates to Bird of Paradise Bay), hosts an incredible array of marine biodiversity. The largest marine park in Indonesia, Teluk Cenderawasih National Park protects a rich marine ecosystem, and is home to whale sharks, dugongs, dolphins as well as over 200 known species of fish and 150 species of coral.

One of the highlights of Roon Island is the wreckage of a Japanese Zero fighter plane lying in shallow water and is visible to snorkellers when the weather co-operates. The wreck has become a marine habitat and sports large corals, gorgonian fans as well as large populations of lionfish, surgeonfish, and turtles amongst other marine life.

CENDERAWASIH BAY & KWATISORE VILLAGE

Cenderawasih Bay is one of the few places worldwide where it's possible to swim with this endangered species. There is no guarantee that whale sharks will materialise on cue - if they do, we may have the chance to snorkel amongst them.

Later, we will visit Kwatisore village with local guides and learn about West Papuan customs, cultures, and the traditional lifestyles of the people.

DAY 14: ARRIVE IN BIAK

After an early morning arrival into Biak, disembark at 8:00am to visit the historic Binsari Caves before your charter flight to Darwin.

A transfer bus will take you to Biak Airport for check-in at 11:00am for your 1:10pm flight.

Discover THE EXPEDITION EXPERIENCE

A Taste of Traditional Cuisine

On these expeditions, experiencing a taste of the fragrant local cuisine, with spices and flavours unique to the East Indies. Featuring locally sourced produce wherever possible, the fresh and authentic flavours of the Indonesian menu selection can be sampled as an option at most evening meals, while one grand dinner is an Indonesian Feast, with an array of delectable dishes from across the archipelago.

TRIP LOG: ISLANDS OF INDONESIA JANUARY 2020

"We were treated to spectacular scenery as we made our way up the narrow, fjord-like Kalibahi Bay at the west of Alor Island. The steep forest-clad slopes were bathed in sunrise colours as we came into the Kalabahi Pier. Alongside our guides, we walked through the Kadaland Markets where we mingled with the friendly residents. We learned of cultural history and saw ancient bronze drums and ikat textiles on display at the museum before venturing deeper into this high, volcanic island. Agriculture was flourishing on the volcanic soils and everything looked healthy. The road took us across to an adjacent coast, where we stretched our legs walking uphill to Latafui Village. Here we were ceremoniously invited to enter by the ikat-clad residents who performed Lego Lego and Cakalele, respectively a celebratory and a war dance. Here we saw the most ancient pattern of village architecture in this archipelago, with elevated timber and thatch houses built on three levels surrounding a central altar of stonework."

Snorkelling & Scuba Diving

The opportunity to snorkel and scuba dive over spectacular coral gardens, and come face to face with brightly coloured tropical fish is one of the highlights you might enjoy on your voyages through the Indonesian islands.

Beginners can enjoy guided snorkelling tours or introductory and resort-style dives, while more challenging dives are available to entice experienced divers. Our Dive Instructor accompanies you every step of the way.

Scuba diving is subject to medical clearance and certification. See our website for requirements.

We explore remote locations that are hard to reach or not often touched by tourists, with shore excursions providing environmental and cultural appreciation. Our small group sizes ensure your experience is personal, with minimal impact on the communities and environments we visit.

Enjoy excursions or activities each day, guided by expert Expedition Leaders and Lecturers who provide commentary on culture, history, and the region's unique geology, plants and wildlife to help you connect with these special places. On board our Australian-flagged expedition ships, discover a personalised, relaxed style of cruising. With a maximum of 120 guests, there is no need for queues or assigned seating. Instead, an intimate, convivial atmosphere shared with like-minded travellers makes you feel at home.

Our Australian and New Zealand crew share their passion for our destinations and the explorer's life. Join our engine room tours, watch our chefs at work in the open galley, and chat with our Captain or Officers on the bridge - they will be delighted to have your company.

Our chefs, inspired by destination flavours, prepare cuisine from fresh regional produce. Our wine cellars hold a curated selection of wines and unique beers from Australia and New Zealand.

Our guests love to mingle over drinks as the sun sets, enjoy daily educational presentations by our lecturers, participate in stargazing sessions after dark, or simply find a quiet corner on deck and enjoy the solitude.

CORAL GEOGRAPHER

Coral Geographer is the sister ship of *Coral Adventurer*. Launched in March 2021 and purpose-built to take you closer to unspoilt vistas in comfort, style and safety, *Coral Geographer* accommodates 120 guests in 60 spacious staterooms, and all Explorer Deck and Bridge Deck staterooms and suites offer private balconies.

With over 1000 sq m of open deck space including a wrap-around promenade deck with panoramic views, *Coral Geographer* features spacious and vibrant living spaces inspired by the company's Australian ethos and the wide-open spaces the ship visits. Multiple indoor and outdoor bars, including our Xplorer bar on the sundeck, a well-equipped gym, and a passenger elevator creates an environment designed for guest comfort.

Coral Geographer is purpose-built for comfortable ocean voyages and for exploring remote areas inaccessible to larger cruise ships. The ship's lightweight dual Xplorer expedition tenders extend the capabilities of the ship by allowing deeper exploration on shore excursions and an easy, step-on embarkation from the ship's main deck. *Coral Geographer* also features advanced technologies and environmentally-responsible design, including anchor-free technology and efficient water and waste recycling systems.

As an Australian flagged and crewed vessel, you can expect the highest standard of service, environmental responsibility and the intimate and personal experience of small-ship cruising on *Coral Geographer*.

Features

- 2 Xplorer tenders, 6 Zodiacs
- Navigator Lounge in Bridge
