

HOTEL OPERATIONS ANALYST

THE ROLE

The Hotel Operations Analyst will be responsible for supporting the fleet in project management, reporting, process improvement and hospitality cost control. The position is suited for an analytical and detailed-oriented hospitality professional interested in making their mark in the growing expedition cruise industry. This is a hands-on role with visits to the ships as required.

WHAT YOU WILL BRING TO US

- University degree in any Business Analytics, Business Administration, Hotel Administration, or other analytical discipline.
- Hospitality-industry specific work experience, with a minimum of 2 years working in a regional Hotel or Cruise line office reporting on multiple business units.
- Experience in Excel, Tableau or other current analytical software and reporting.
- Strong verbal, organisation, and written communication skills.
- Ability to work within formal reporting relationships.
- Ability to work on multiple projects simultaneously.
- Ability to travel from time to time on vessels for operational understanding and best practice implementations.

WHAT WE CAN OFFER YOU

- Career growth in a progressive and expanding Australian company.
- A supportive and collaborative office team environment.
- The opportunity to work and travel in amazing destinations and with inspiring products.

Don't miss the opportunity to join our team! If this sounds like the position for you, please send through a cover letter and resume to: careers@coralexpeditions.com

As we screen all applicants and select candidates whose qualifications and experience meet our needs, we will carefully consider your application during the initial screening and will contact you if you are selected to continue in the recruitment process. We wish you every success!
